

W5
3.5mm

LOOK SMART

We believe buying a Waterproof suit is smart. The W5 3.5mm has been designed to set new standards in performance and style, and is made with the same high quality standards as our top-of-the-line suits. All packed into a smart and stylish Scandinavian design for the diver who demand the best and not afraid to show it.

PERFORMANCE

The W5 includes all the features you have come to expect in every Waterproof product like high quality material and anatomical fit. It is made of high stretch Nylon/Elastane with 100% Microcell CR Neoprene, handmade, glued and blindstitched. Additionally it includes all of the features from our heavier lines like a comfort zipper in the neck, flow guards in the wrists and ankles and embossed Duratex flexible kneepads and elbow protectors.

HIGHLIGHTS

The whole suit contains 100% CR Neoprene which is soft and flexible but yet compression resistant | Very durable embossed Duratex flexible kneepads and elbow protections | Arm and leg openings are zippered and equipped with flow guards | The WPAD™ is the perfect platform for a pocket. Soft and almost not noticeable when not in use but a rock solid anchor point for the pocket when installed | Comfort zipper in the neck to ease the pressure on the neck before and after the dive | Ergonomic design with bent arms and legs, gender specific with the famous WP fit | Wrapped and packed in 100% plastic free material.
