

W7

100% MICROCELL LIMESTONE CR NEOPRENE

More expensive but in fact the only neoprene that really works for diving. Excellent durability and insulation as well as soft and flexible.

GENDER SPECIFIC STYLING

Provides comfortable lift and support for the female and male diver.

SUPER-STRETCH POCKETS

Two integrated hip pockets. Streamlined and flexible with enough space to hold for example a mask or an SMB. Water drain valves.

DOUBLE ZIPPER SEAL SYSTEM

Spine pad. Glide skin seal to minimize water flow as well as adding warmth.

W7 NECK SEAL

Eliminates water flow. Available and sold as a separate accessory.

KNEE PADS

Kevlar and Duratex reinforced. Strengthens a critical area of the suit while still remaining soft and flexible.

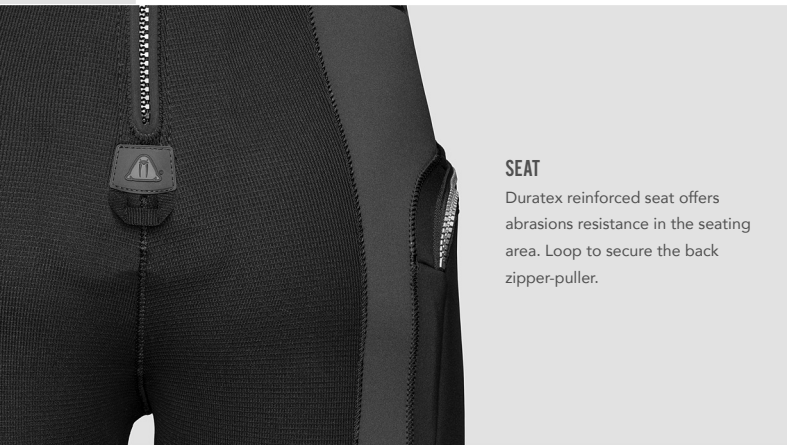

THERMAL LINING

EXTEND thermal lining for a softer, warmer and a more comfortable feel.

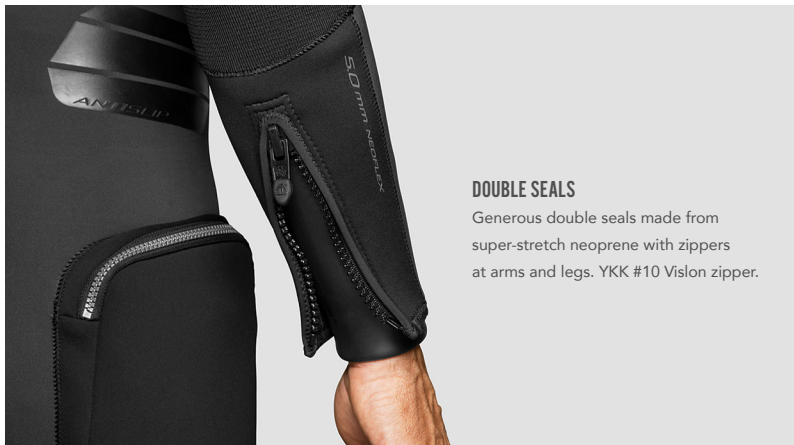

EASY GRIP

Newly designed anatomical zipper puller. Offers a secure grip with or without gloves.

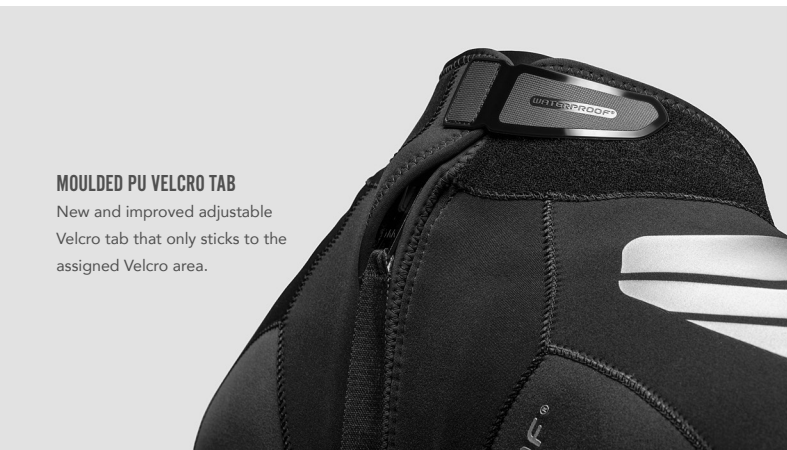

SEAT

Duratex reinforced seat offers abrasions resistance in the seating area. Loop to secure the back zipper-puller.

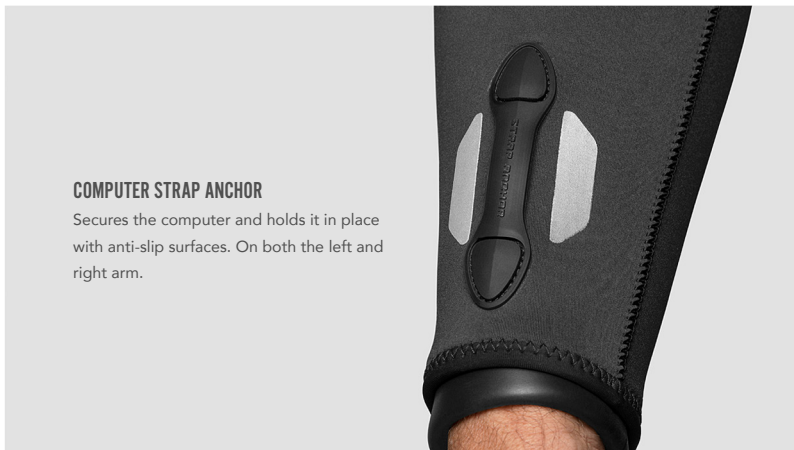

DOUBLE SEALS

Generous double seals made from super-stretch neoprene with zippers at arms and legs. YKK #10 Vislon zipper.

MOULDED PU VELCRO TAB

New and improved adjustable Velcro tab that only sticks to the assigned Velcro area.

COMPUTER STRAP ANCHOR

Secures the computer and holds it in place with anti-slip surfaces. On both the left and right arm.

W7

CUTTING EDGE SWEDISH DESIGN AND HIGH-END PERFORMANCE

Looking for a top-notch wetsuit that is ready for all kinds of diving? Extremely soft, flexible Neoflex in 100% CR neoprene, in an elegant grey & black dull Lycra offers you a perfect 4-way stretch and a comfortable high-performance fit.

Newly designed soft kneepads, Kevlar and Duratex reinforced, strengthens a critical part of the suit. Double zipper seal system, - Spine pad, glide-skin reduces the water flow through the suit to a minimum and offers added warmth. Double seals in smooth glide-skin in wrist and legs with a zipper to add comfort, ease donning and doffing. Extended Thermal Lining for a softer, warmer, more comfortable feel. Anti-slip surfaces over the shoulders and waist. Two streamlined, easy to use, flexible pockets with enough space to hold a spare mask, SMB with spool, deco tables and so on. All zippers come equipped with zipper pullers to ease opening and closing with or without gloves.

Tired of the neck/back chill when jumping into the water? As an option, you can get a detachable neck seal that eliminates the water flow, a very welcome feature when you dive without a hood! The elegant grey colour scheme makes combining your suit with other gear and equipment a breeze.

We wouldn't be Waterproof if we didn't equip the suit with two anchor-straps with anti-slip for your computer, a tough Duratex seat for abrasion protection, all the features you have gotten used to on Waterproof suits!

The new W7 is manufactured with the highest grade materials and technologies available in an effort to maximize durability to keep the W7 in action longer. At Waterproof we believe that making products that last is the most powerful incentive for minimizing our impact on the environment. We use JAKO limestone neoprene in an effort to make our wetsuits as sustainable as possible, as well as plastic-free packaging to keep our oceans clean.
